# THE TURKEY

.....

## **OPTION 1: READY TO COOK**

*The oven-ready whole turkey is rubbed with Lemon-Herb Butter. It comes in a disposable roasting pan, so all that's left to do is remove the foil wrapping, put the turkey in the oven, follow the cooking directions, and voila — a wonderfully tender, golden-crust turkey ready for your table. We include carving directions, allowing you to enjoy the feast stress-free, start to finish.*

*This option serves a minimum of eight people.*

## **OPTION 2: ROASTED, CARVED, AND READY TO EAT**

*It doesn't get simpler than this. Reheat the pre-cooked turkey – whole or already carved – in your oven at a low temperature, and dig in. The turkey will be slightly undercooked to take into consideration additional cooking during the reheating process, so you don't end up with a dry turkey. The whole turkey serves a minimum of eight people; the carved turkey can serve a minimum of two people.*

## **OPTION 3: BOURBON-BRINED AND APPLEWOOD SMOKED**

*Just like the Roasted, Carved, and Ready to Eat option (pre-cooked, whole or carved), but this turkey is brined with a touch of bourbon and apple cider, and smoked over applewood to give it a flavor that just can't be beat. Juicy and delicious, this turkey will be the talk of your table. The whole turkey serves a minimum of eight people; the carved turkey can serve a minimum of two people.*

# ADDITIONAL PROTEINS

.....

## **THE HAM- \$12 PER POUND / \$50 HALF HAM**
